

Your fast, convenient, "always on" connection to the Internet

The Linksys ADSL2 Modem gives you a blazing fast connection to the Internet, far faster and more convenient than a standard dial-up. ADSL technology lets you access the Internet using your existing phone lines, without interfering with your voice phone service -- you can talk on the phone and surf the net at the same time! The

"always on" connection eliminates dial-up wait time and busy signals. Web surfing and your e-mail are instantly available, anytime.

Along with instant connectivity, you'll be surfing the web at speeds you never imagined possible. The ADSL2 Modem is compatible with the latest ADSL standards, including ADSL2 and is upgradeable to ADSL2+. With incoming data speeds up to 12 Mbps (depending on your service level), ADSL broadband service means no more waiting for slow downloads -- even the most graphic-intensive web pages load in seconds. Audio and video streams play smooth and glitch-free.

Installation is quick and simple. Connect it directly to any PC with an available USB or Ethernet port, and you're ready to surf the Internet. Or connect it to a Linksys router and share that high-speed Internet access with everyone on your home network.

Harness the full potential of the Internet with the Linksys ADSL2 Modem.

High-speed ADSL modem gives you a fast, "always on" connection to the Internet

Up to 12 Mbps download speeds, 200 times faster than dial-up analog modems

Shares your existing telephone lines to connect to the Internet, without tying up the phone

Connects to your PC over 10/100 Ethernet or USB

ADSL2 Modem

Product Data

ADSL2 Modem with USB & Ethernet

Features

- High Speed ADSL2 Modem
- Built-In 10/100 Ethernet Port and USB Connection
- Upgradeable to ADSL2+
- Automatic MDI/MDI-X ethernet port crossover detection
- Free Technical Support - 24 Hours a Day, 7 Days a Week, Toll-Free US Calls
- 1-Year Limited Warranty

Specifications

Model	ADSL2MUE
Standards	G.992.1 (G.dmt), G.992.2 (G.lite), G.992.3 (ADSL2), T1.413i2, Reach-Extended ADSL (READSL), ADSL2+ Upgradeable (G.992.5), RFC 1483/2684, RFC 2364 PPPoA, RFC 2516 PPPoE, USB 1.1
Ports	ADSL, USB, Ethernet, Power
Buttons	Power, Reset
Cabling Type	ADSL: RJ-11 Ethernet: 10/100 RJ-45 Port USB: USB Type B Port
LEDs	Power, Ethernet, USB, DSL, Internet

Environmental

Dimensions (W x H x D)	187 mm x 48 mm x 156 mm (7.36" x 1.89" x 6.14")
Unit Weight	12.8 oz. (0.36 kg)
Power Input	5 VDC, 1 A
Operating Temp.	0°C to 40°C (32°F to 104°F)
Storage Temp.	0°C to 70°C (32°F to 158°F)
Operating Humidity	10% to 85% relative humidity, Non-Condensing
Storage Humidity	5% to 90%, Non-Condensing
